

WEEK 1 - Do the first 5 shapes (big & small hexagon, pentagon, trapezium, square, circle) in the book.

WEEK 2 - Do the last 5 shapes (big & small triangle, rectangle, oval, diamond, star) in the book.

WHY DO WE DO TWO ACTIVITIES THREE TIMES PER DAY FOR 10 DAYS?

Repetition is necessary to make brain connections permanent. Children cannot remember a new word if they only hear it once. Brain connections become permanent when the child hears the word again and again and understand the meaning of the word. This is why we do the same activities three times per day:

9:00

& 10:00

& 11:00

ACTIVITY 1

DIFFERENT WEEKLY ACTIVITIES FOR NUMBERS USING NUMBERS OF HOPSCOTCH MAT OR DISCS

ACTIVITY 2

USE BOOK WITH PRODUCT

Show and say the big black shape, then show and say the small black shape. Place them on a sheet of paper and ask a child to show a certain size shape.
